

Report On “Legal Awareness Programme Conducted Legal Aid on 7th October, 2023 at Tara Degree College.

Viswa Bharathi College of Law, Muthangi, Sangareddy has conducted Legal Aid Camp in Tara Degree College at Sangareddy”.

Objective: The main objective of this legal aid camp is to create awareness among Drug Abuse and Social Media Impact.

Drug misuse can have lifelong consequences. A student with a drug arrest or policy violation may find their career choices limited, and may in fact be ineligible for employment in the career path they have chosen. Even if a student is not disqualified from a specific career field, in a competitive employment environment an employer may choose an applicant who has a known history of drug abuse.

Social media Impact has fundamentally changed how young people spend time, share information and talk to others. This has led to widespread concern about its potential negative impact.

Opening: Dr M Bhavani Madam, Principal of VBCL and Varsha Faculty of VBCL the in charge of legal Aid Cell, has made opening marks explaining the meaning of Legal Aid to the Students and the Importance of Legal Awareness and need to access them.

Legal Aid Committee members perform a skit

Skit – The students played a skit by explaining the importance of Drug Abuse and Social Media Impact and what are the Provisions are being provided by Central Government and State Governments.

Conclusion of the programme: Ms Varsha after taking the feedback from students have concluded the Legal Aid Camp by giving vote of thanks, she summarised the important provisions explained in the camp, and encouraged students to attend legal programmes and educate themselves about their rights.
